

## University Ridge is a Year-Round Facility

In addition to 18 of the prettiest and most challenging holes of Robert Trent Jones Jr. Golf, University Ridge boasts an outstanding clubhouse with incredible golf course views from within and some of the most spectacular views from the 80-seat veranda.

When the leaves begin to turn and the students return for the fall semester, The University Ridge Clubhouse provides some of the most inspiring explosions of red and gold that you could ever imagine. From the clubhouse, you truly get the "school's in session" feeling, and cannot ignore the sensation of absolute comfort that a fall view from the Veranda can bring.

Enjoy the offerings afforded by a full liquor license and some of the finest Wisconsin cuisine around. And there's no law that says you have to play golf to enjoy the trappings of this newly remodeled, 11,000 square-foot facility. The clubhouse is open year-round for dining and special events or parties.

For events, there is seating for over 100 guests in the newly expanded clubhouse. There's also a mammoth hospitality tent that can accommodate an additional 150 diners---perfect for an outdoor barbecue. University Ridge offers several catering and golf outing packages designed to meet each event's unique needs. See the "outings" page for more information.
